Last President of the United States 4 Years Later

Four years and nine months ago (in February of 2016) I preached a series of three sermons based on Daniel chapter eight in which I predicted that the next president would be Donald Trump (at the time I was backing a different candidate). Before some of you tune out, please know that I was interpreting an ancient Biblical prophecy which I had been studying since 2015. All I ask is that, love him or hate him, you please hear me out if you believe in the Bible and God's Son or if you are open to learning Biblical prophecy. With the U.S. election at hand, I feel it is timely to revisit this topic and for that reason I will recount the predictions I made in those three sermons and the two correlating Newsletters from 2016.

Some of the things I said at that time were mostly based on my interpretation of Daniel 8, Daniel 7, and Revelation 12-13. At that time I predicted that Donald Trump would serve for two terms and that he would be the last president of the United States. I also predicted, based on Daniel 8:8 and 8:22, that America would be divided into four weaker nations at the completion of President Trump's time in office. I still believe what I said back then and I have a strong biblical reason why President Trump will be re-elected in November 2020. Please understand, this is not meant to be a political article, but a prophetic teaching.

Furthermore, I believe Mr. Trump's re-election will have nothing to do with the economy, immigration, racism, abortion, the Supreme Court, China, BLM, Antifa, Covid-19, or the reopening the country and our schools; nor is it about Russia, the Democratic opposition, the President's tweets, or his redish-blond hair. No, in fact, the main reason Donald Trump will be re-elected is because he is the ONLY one who is able to and who will fulfill an ancient Biblical prophecy that is of a greater threat than most people know. Before I tell you the reason why I believe he will be re-elected, let me share with you a few more of the predictions I made in 2016; please keep in mind I first spoke about these things nine months before Trump was elected and then wrote about them six months before the election.

Some of the other things I predicted were that Mr. Trump

would guide us through conflict with North Korea and that the economy would improve during his term; which it did pre-Covid 19. I said that he would be very close with Israel, that he would defeat ISIS and decimate Islamic terrorism. I also predicted that President Trump would have many enemies (I had no idea what was coming). All of these predictions I believe were revealed to me by God in His Word, beginning in Daniel eight. I stated President Trump would serve most, if not all, of two terms, that he would help many Jews (Messianic Jews and Christian Zionists) escape the coming trouble or distress we are already seeing here in America, and help them get to a place prepared by God for them in the desert of Israel (Rev 12:14). This prepared place is not Petra, but a place nobody knows of or one that has not been revealed. God will hide those people and nourish them

in the desert for three and a half years. The key here is for you to connect with Messianic Jews and Christians in your area who are involved with "Aliyah" (the return to Israel) as spoken scores of times throughout God's word (ex: Jer16:14-16, Isaiah 43:5, Ezekiel 36-38, Ezekiel 20 and many others).

I predicted that President Trump would be hated by many; although he was quite popular in "The Apprentice" I could not see why he would be so disliked. As it turns

out I think it comes down to the fact that Mr. Trump is not a globalist, but believes in the sovereignty of nations and their right to self-rule. He believes in borders, less government, less government intervention in our lives, and firing political hacks. Trump has stirred the hornet's nest in Washington and many don't like him for it. He is pro-life, and he is a strict constitutionalist, but above all these points, I believe the reason why so many hate him is spiritual. Mr. Trump is the greatest ally of Israel the U.S. has ever had. He moved the U.S. embassy to Jerusalem and declared that Jerusalem was the capital of Israel. The preceding three Presidents had promised to do so, but did not keep their word. Keep in mind, the Jerusalem Embassy act of 1995 which recognized

Your local connection to Israel!

Continued on page 2

Jerusalem as the capital of Israel with resolution to move the US embassy from Tel Aviv to Jerusalem had already been signed and passed by both the House and the Senate in 1995 and had also become a law on November 8 of 1995¹, but none of the last three presidents followed through on those orders until President Donald Trump! I'm giving you a strong clue here as to why Mr. Trump will be re-elected on November 3, 2020.

When the Cities Fall:

In the U.S. several large cities are failing due to State and municipal Covid-19 policies such as lock-downs, and forced closures of schools, restaurants, and businesses. As a result, people are leaving cities such as New York City Los Angeles, San Francisco, Portland, Oregon, and Seattle in mass numbers. New York now has over 16,000 empty housing units, as of this writing, and over fifty percent of New York City's restaurants are closed; tens of thousands of people are leaving to move to the suburbs and places like Tennessee (statistics provided by CNBC). People are also leaving the larger cities due to Covid -19 lock-downs and the endless "peaceful" protests that are actually fiery riots, full of looting, and destruction of property. These cities are experiencing massive homelessness, and many of these cities have made efforts to defund the police or at least limit police power to do their jobs. Many citizens (even Democrats) are fearful in their own neighborhoods and are unable to operate their businesses.

Joe Biden signed onto the "Green New Deal" authored by Congresswoman Alexandria Ocasio-Cortez. In her original 92 trillion dollar plan, American citizens would be relocated to California while their homes are made more efficient, better insulated, become solar powered, and more "green". Then they would be allowed to "return" which I don't believe will happen. I believe their plan is to empty several cities like Manhattan and Los Angeles so they can be used to ghettoize undesirable citizens. One area is surrounded by water and the other is surrounded by mountains, and I can easily see these cities being filled with their enemies, keeping citizens in lockdown, and using the natural terrain along with military to keep people trapped and controlled. Does this sound far-fetched? The President of China told his military to prepare for war today; war against whom? Biden will do business with China; President Trump has stopped free trade and levied tariffs on Chinese products, angering China and making American companies like Disney, Apple, the NBA, Microsoft, Tesla, and Nvidia less profitable. Big business is greedy and wants profits over American jobs.

The Coming Exodus from America:

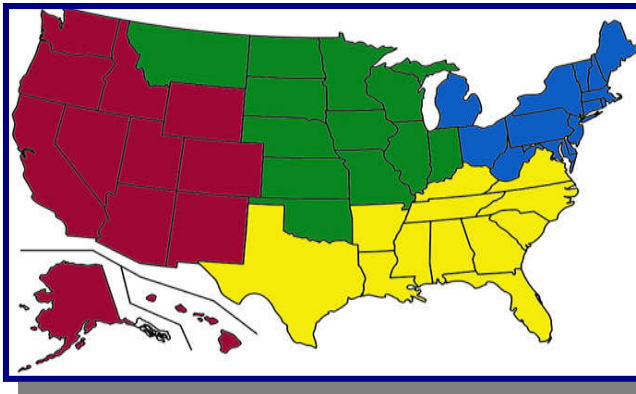

God has His own reasons for emptying the cities. Back in 2002 I wrote, "*Since America's five-plus million Jewish citizens are mostly in the cities, it only makes sense that when distress comes upon the cities, God will drive the Jewish people into the wilderness once again where, as His*

Word says, "I will enter into judgment with them face to face," Ezek 20:35. I also wrote that many non-Jews would leave the cities as well due to the distress.

Why all this relocation of people due to hardship? To fulfill the Words of the prophets such as Jeremiah, "*It shall no more be said, the Lord lives who brought up the children of Israel from the land of Egypt, but the Lord lives who brought up the children of Israel from the land of the North (Soviet Union), and from all the lands where He had driven them.*" *Jeremiah 16:14-15, and "Hear the word of the Lord, O nations, and declare it in the isles afar off, and say, He who scattered Israel will gather him, and keep him as a shepherd does his flock."* *Jer 31:10.* My realtor tells me that people are relocating to rural areas of Tennessee and other states and are buying houses (sight unseen) for cash within days of going on the market. I believe we are seeing the beginning of the Exodus from the cities predicted in the Bible. I believe what God is allowing here in the U.S. with hurricanes, wild fires, high taxes in some states, and Covid-19, has more to do with the return of His people (those who believe and wish to go back) to their ancient land of Israel. I think it also is linked with the great end-time revival I see coming to the USA because of such distress.

The Dividing of America:

Yeshua/Jesus made it quite clear when He said, "*If a kingdom is divided against itself, that kingdom cannot stand.*" I believe our tremendous division will eventually cause America to be divided into four weaker nations by the end of the next Presidential term (see Daniel 8:8, 8:22). I know some of you will say, Daniel eight is about Alexander the Great (and it is), but most prophecies in the Bible have dual and even triple fulfillments

such as Moses' Passover lamb being a prophecy of Yeshua our Passover Lamb (1 Cor 5:6-7). Another example would be the virgin conceiving a son in Isaiah 7:14; it was a sign for King Ahaz, but it was also a Messianic prophecy of the virgin birth. The angel Gabriel says twice in Daniel eight that the prophecy is not for that time, but for the very end of days!

A note on Prophecy:

Theologians teach, and it is obvious in chapters like Daniel eight, that beasts represent nations (prophetically) and their horns represent military might as well as the king or ruler along that government. In Daniel eight we see an end time attack on modern day Iran from a Western nation that HAS NOT HAPPENED YET!

Why Daniel eight is about now and not the past:

Daniel eight is essentially a vision from God given to Daniel where he is brought to Persia to the Ulai Canal in Susa (modern day Iran). In the vision, Persia is represented by a two horned ram meaning it has two kings, two militaries and two governments. The ram in Daniel's vision had two horns (representing two kings, two kingdoms under one empire,

Medo-Persia). Interestingly most theologians teach that Daniel eight is talking about Alexander the Great's conquest of Persia in 331 B.C. However, Medo-Persia at that time had only one ruler (Darius III), one military, and one government which was overthrown by Alexander; therefore, the ram representing Medo-Persia should have had only one horn (representing one king, one military and one government) because at the time of Alexander there was only Darius III, the lone ruler of Medo-Persia (a one horned ram). Thus Gabriel was correct in saying that the vision was for a time in the distant future: the end-times. In fact, last winter, Iranian-backed Iraqis (under the leadership of Iranian General Qassem Soleimani), armed Iraqi rebels, Syrians, Lebanese Hezbollah, and Hamas, and attacked the U.S. embassy in Bagdad which was an act of war. Soleimani was also responsible for the deaths of thousands of U.S. soldiers and the crippling of thousands more by planting IEDs that exploded along the roads that our troops used; this cost many American lives. You would think Americans would be happy that our military caught Soleimani driving near Bagdad airport and happy they took the opportunity to drop a bomb on the prime terrorist mastermind. However, President Trump has been slandered as a murderer of U.S. soldiers. I believe that Soleimani was the smaller horn of the two horned ram of Daniel eight. His boss, the Ayatollah, is the big horn.

The wild bucking two horned ram:

"I saw the ram butting westward...no other beast could stand before him nor was there anyone to rescue from his power but he did as he pleased and magnified himself." Dan 8:4. "While I was observing, behold, a male goat was coming from the west over the surface of the whole earth without touching the ground; and the goat had a conspicuous horn between his eyes. He came up to the ram that had the two horns, which I had seen standing in front of the canal and rushed at him in his mighty wrath...and he struck the ram and shattered his two horns, and the ram had no strength to withstand him. So he hurled him to the ground and trampled on him,...then the male goat magnified himself exceedingly. But as soon as he was mighty, the large horn was broken; and in its place there came up four conspicuous horns toward the four winds of heaven." Daniel 8:5-8.

What do we learn from the verses above? **1)** Since it's the end time according to Gabriel, there is going to be a Western power (Greece is a metaphor for the West, Europe, USA). There is only one country with the power and the will to defeat Iran from the West (not Israel, Israel is middle-eastern); it's the USA. **2)** Why would the U.S. attack Iran? The answer is because Iran is developing nuclear weapons to use against the U.S. and Israel. According to an article in The Independent, titled "**How quickly could Iran Build a Nuclear Bomb**", work is clearly being done to accomplish such a goal and it began well before Donald Trump broke Barak Obama's "treaty" with Iran.

Only one thing endures forever, God's Word: "**Heaven and earth shall pass away, but My words shall not pass away,**" **Mt. 24:35.** Nowhere in God's word does it say that Israel is nuked or blown off the map as the Iranians have threatened; Israel could only defend against mighty Iran with nuclear

weapons and they (wisely) do not wish to begin a global nuclear conflict. Only the United States has the "bunker buster" bombs capable of destroying Iran's nukes with conventional weapons. Only the U.S. military can fly over the whole earth without touching the ground, *Dan 8:5.*

So who is the Goat? So far we have established that Iran will be attacked after provoking a strong western nation. The leader of that nation (according to Daniel 8:5, 8) is a male. And the only western power with a male leader who has said he will not allow Iran to have a nuclear weapon and that if Iran hits the U.S. we will hit them back 1000 times harder is none other than Donald J. Trump. President Trump must win a second term because he is the only one with the military might to do what the prophesy says, and he is the only one who has the chutzpah (gumption) to do it. God cannot allow Iran to have a nuclear weapon and threaten Israel because Zechariah 8 says that when the Messiah returns, He will live in Jerusalem. Zechariah 14 says that He will set foot on the Mount of Olives in Jerusalem when He returns in the clouds. Jeremiah 31:35 tells us that as long as the seas roar and there is a sun by day and a moon and stars by night there will be an Israel. Donald Trump is like a red headed David in the hand of the Lord who must rule until he defeats Iran's evil scheme and protect God's Holy Land. This my friends is why Donald Trump will surely be re-elected President.

Conclusion:

If I haven't convinced you from the Word of God, then remember this verse, especially if you are a believer in Yeshua/Jesus of Nazareth, "**I call heaven and earth as witnesses today against you, that I have set before you life and death, blessing and cursing; therefore CHOOSE LIFE, that both you and your descendants may live; that you may love the Lord your God, that you may obey His voice, and that you may cling to Him, for He is your life and the length of your days; and that you may dwell in the land which the Lord swore to your fathers, to Abraham, Isaac and Jacob, to give them,**" **DT 30:15-20.** There is only one candidate for President who **CHOOSES LIFE.** That alone should be enough to help you make your decision on November 3, 2020. Even though I am convinced from scripture that Donald Trump will win, we should still pray fervently for him and support his campaign (if able). May God abundantly bless you as you go out and vote!

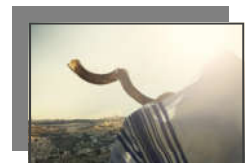

In Messiah's love,
Rabbi Joe and Dawn
