THE SIGN: WAR WITH IRAN AND THE FALL OF AMERICA

There is one event that will change world history more than any other event to come, save the return of Yeshua the Messiah. What event is that you ask? The event that will impact the future of America and ultimately bring down the U.S. and the free world is the coming war with Iran. As I write this article, Iran is planning to attack Israel and U.S. bases and/or ships in the Middle-East due to Israel killing the leader of Hamas, Ismael Haniyeh. The bottom line is that Iran is behind Hamas, Hezbollah, Islamic Jihad, Syria, the Houtis of Yemen and other terrorist regimes stirring up trouble in the Middle-East. Iran seems to want war, and they would rather pay proxies to fight their wars rather than bring the fight to their homeland; nevertheless war is coming to Iran. The Bible prophesied it 2500 years ago!

speaks of a western nation (Greece) fighting a war with Medo-Persia, an empire that stretched from Greece and southern Turkey through Lebanon, Syria, Israel, Jordan down to the border of Egypt and as far west as central Asia and northern India! Daniel had never heard of the U.S.A. so God gave him a precursor or a forerunner to the final fulfillment of the prophecy, just as God taught us about Passover so we could understand the future coming of Yeshua/Jesus our Passover Lamb (1Cor 5:7). The first war between the West (Greece) and Medo-Persia took place from 334 -331 B.C. when Alexander the Great defeated the sole Emperor of the great Medo-Persian Empire, Darius III. Persia is now modern day Iran. Media was a province in what is now northwestern Iran, and in some sense, the Iranians see Israel as belonging to them as it did during the Persian Empire. The question is was Daniel was solely prophesying Alexander's war with Medo-Persia or is there further fulfillment in this amazing prophetic saga of the clashing of kingdoms?

The Prophecy:

Eight years ago I predicted in a series of three sermons that I believe were divinely inspired (nine months before he was elected) that Donald Trump would be the 45th President of the United States and that he would be the one to fight an end time war with Iran. I predicted that President Trump would destroy Iran's nuclear weapons, their military and their government. I followed up those sermons with two articles called "**The Last President of the United States, parts I and II**". For a year prior to my sermons I kept opening the Bible to Daniel eight, which

Why Daniel's Prophecy applies more to current events than the time of Alexander the Great:

#1. When the angel Gabriel came to interpret Daniel's vision of a western nation going to war with Iran, the angel told Daniel that the vision was not for Daniel's time or Alexander's, but for "L'et Ketz," meaning "The **end** of time" in Hebrew (See Daniel 8:17, 8:19).

Source: Perplexity A.i. Strong's word 5703 **Et, Ed** meaning "Terminus" end of time.

#2. Daniel was an End-Time prophet who wrote the closest thing to the book of Revelation in the Tanaak (Old Testament). For example, Daniel saw the White Throne Judgment in Daniel chapter seven as well

as the Second Coming. He also saw a small horn that is the anti-Messiah in chapters 7 and 8. In chapter 12, Daniel was told by the angel Gabriel to seal up the Books until the time of The End. Again we see the words **“Et Ketz” meaning “the end of time”**. What books was Daniel to seal? Likely the Book of Life, the book of our deeds, the book of our words, the book of our thoughts, etc. We will be judged for all of those things. Only Daniel and John the Revelator out of all the great prophets in the Bible saw the Books opened!

#3. The leader of Medo-Persia in Daniel 8, represented by a two horned ram, was Darius III. According to the Scripture, a horn prophetically represents a king/ ruler and his/her military power and government: **“The ten horns are ten kings” Rev 17:12**. The ram in Daniel eight had two horns, meaning two rulers/kings; however Darius III was the sole ruler of Medo-Persia in Alexander’s time, so the passage must be referring to a different war in a different time. It should be noted that Daniel had never heard of Iran, Iraq, etc., He only knew of Medo-Persia, Babylon, Syria, Lebanon and of course Israel. Daniel refers to the western nation as a goat with a single conspicuous horn (meaning one leader, military and government). He refers to region of Persia/Iran as a two-horned ram, implying that specific territory has two rulers, two governments and two militaries. Interestingly, although this was not true of Medo-Persia in Daniel or Alexander’s time, it is true now. One could see that Qassem Soleimani, who controlled Iran’s proxy militaries such as Hezbollah, Hamas, the Houthis and Syria, and was a national hero, was the smaller horn of the ram (vs.6). The larger horn/ruler in Iran is the Ayatollah, the supreme leader and the only horn left. In Daniel 8:7, the one horned goat from the West defeats the two horned ram of the region we know today as Iran.

#4. Daniel 8:5 speaks of the **“one horned goat”** flying over the whole earth without touching the ground. The U.S. sent two B-52 bombers in May 2024, as a show of

force. The two bombers departed from Texas and without landing, flew round trip to the Middle East to show our adversaries that we could reach them quickly and powerfully without having to fire long range missiles. This fits with Daniel 8:5. The U.S. is the most suited nation to fight Iran in the final fulfillment of the Daniel 8 prophecy of end time war between a western power and Iran. Greece metaphorically represents a western power, because modern Greece could not possibly fight Iran. Only the U.S. is deeply involved in the Middle-East conflict as the lead western nation. Furthermore, only the U.S. has the bunker buster bombs capable of destroying Iran’s underground nuclear facilities without having to resort to nuclear weapons. Alexander was fast and powerful in his day, but he could not fly over the whole earth...

#5. The western ruler who defeats Iran and her proxies, the one horned goat, is a male goat (i.e. it can’t be Kamala just as it wasn’t Hillary in the last election). The leader from the West who defeats Iran in the soon coming End Time war, must be a male and he must have the will to take on Iran with force and determination. As I said before, President Trump has already made it quite clear that he will attack Iran if neces-

sary and President Biden has made it quite clear that he will not! Thus you know who I believe will win the election this November!

Iran the provoking ram:

Daniel 8:4 “I watched the ram as he charged toward the west and the north and the south. No animal could stand against him, and none could rescue from his power. He did as he pleased and became great.”

Eight years ago when I received the revelation about Daniel 8, the Iran connection was not clear; now pretty much anybody who follows the news understands that war with Iran is inevitable. Iran is the bucking ram as described in Daniel, and the head of the serpent behind all the violence in the Middle East. Iran’s threats and proxy war mongering is on a dangerous increase. In 1983, Iran through Hezbollah and Islamic Jihad, was responsible for killing 241 U.S. Marines by blowing up their barracks in Lebanon. On October 7, 2023, Iran backed Hamas leader Ismael Haniyeh, was responsible for the invasion of Israel on October 7,

2023, murdering 1200 Israeli civilians, including babies, children, women, and elderly, then taking over two hundred and fifty hostages.

Trump, the GOAT protector:

I believe biblical prophesy clearly shows that Donald J. Trump will be the leader from the West whose military destroys Iran the evil master menace of the Middle

-East in order to protect Israel. The destruction of Iran's nuclear program must be stopped, and Israel must be shielded from any possible from nuclear attack. President Biden and Kamala Harris have said that their policy is to "de-escalate" the tensions in the Middle East and not fight Iran directly.

Over eight years ago then candidate Trump said (speaking of Iran), ***"Let me tell you what I would do. I would, they have great oil. I would, every place where they have oil, I would knock the hell out of them and I would take the oil. What you're doing is you're cutting off a big portion of their money source, by the way, happens to be in banks. Money is flowing in through Saudi Arabia and***

other places. You have to cut that off. But I would knock out the source of their wealth. The primary source of their wealth which is oil. And in order to do that, you would have to put boots- I would knock the hell out of them, but I would put a ring around it and take the oil for our country. I would just take the oil," (source thepoliticalinsider.com, April 27, 2016. Trump later proved he was willing to go after Iran when he had Iranian Revolutionary Guard General Qassem Soleimani assassinated in Bagdad in retaliation for attacking the U.S. embassy in Iraq in 2019.

Why does Israel not fight Iran:

Firstly, Israel has her hands full fighting Hamas and Hezbollah. Secondly, the Bible says that a **western** nation will fight this war. In the Bible, the North, West, East and South are determined by their relationship to Jerusalem. So anything west of Israel is "the West." Anything east of Israel, is "the East." China and Russia would not attack Iran since they

are allies. China buys oil from Iran and largely funds Iran's war in the Middle-East. Israel may play a part such as killing Iranian leaders or leaders of Hezbollah and Hamas, but it will be a powerful **western** nation that takes on Iran to take it down.

There was no USA in Daniel's time, so God used Greece to describe the world power of the first part of Daniel's vision. Today the United States is the most powerful nation of the face of the earth I do not see the USA using nuclear weapons to fight Iran because Iran is part of the battle of Gog and Magog (See Ezekiel 38 – 39) thus they cannot be destroyed. So I believe conventional weapons will be used to destroy Iran's nuclear program, their military and their government, and that it will be the United States under Donald J. Trump who completes that mission. Perhaps that is why his life was spared in the recent assassination attempt in Butler, PA? I don't think God is finished with President Trump. What will happen when Trump's work is finished? Could it be the fall of the USA and of the free world? Daniel seems to indicate that very thing.

Conclusion:

The coming war with Iran is the SIGN, but the sign of what? Well according to Daniel as I have said, there is a coming End-Time war between modern Iran and a powerful western nation that in my mind can only be the United States. Verse 8 says that after defeating Iran the western leader will magnify/exalt himself exceedingly and then his horn will be broken and four weaker nations will arise out of a fallen United States (see also Daniel 8:22).

What could cause our President and his government to fall? Well we have already seen one assassination attempt; a second is not unrealistic. Civil war is frequently mentioned on talk radio as a possibility. Major terrorist attacks are now a high risk due to over ten million illegal border crossers including thousands from terrorist hot spot regions during the Biden administration. It is also a real possibility that we could be attacked and invaded by China and her allies. These are a few possibilities as to how America could be broken up as Daniel describes. The bottom line is to watch for a direct war between the U.S. and Iran and to know that it will signal the fall of the U.S.A. and the free world.

What results is that Israel will be left defenseless

(see Zechariah 12, 14). But there is a plan. God's plan is laid out in Revelation 12:14 which this: jet planes will fly Jewish people, including Messianic Jews and many Christian Zionists out of the U.S. to the wilderness/desert in Israel. Another way Jews and many Christians will escape a fallen USA is by ship, according to Isaiah 60:9-10. How do you get a ticket? Come, learn, and get plugged into the community of Messianic Israel locally. Friends, the answer is not "que sera, sera". God has a definitive plan and He has plainly delivered to us the plan in prophecy. What you need to do is pray sincerely, study these scriptures and ask the Lord if this Zion Letter Word is true. Time is short!

In His love,
