# Aliyah Now Initiative

## For Zion's Sake is doing Aliyah!

Passover 2025 marked the beginning of an exciting new chapter at For Zion's Sake Ministries where we began helping families to make Aliyah (or Return to Israel). Our vision at For Zion's Sake for 20 years has been to help the Jewish people return to Israel according to many scriptures in the Bible. So that is what we are doing! By partnering with the Cyrus foundation our vision is coming to life.

*"And I will cause the captives of Judah and the captives of Israel to return, and will rebuild those places as at the first...and I will pardon all their iniquities by which they have transgressed against Me. Then it shall be a praise, and an honor before all nations of the earth, who shall hear all the good that I do to them, they shall fear and tremble for all the goodness and all the prosperity that I provide for it...Behold the days are coming," says the LORD, 'that I will perform that good thing which I have promised to the house of Israel and the house of Judah...' "* Jer. 33:7-9,14

"God's promises are eternal and being fulfilled in our time, how wonderful to see and experience these wonderful promises kept. Our God is an awesome God! Thank you for joining us to be a part of His plan for the restoration and salvation of Israel. "

Blessings to you for Zion's sake,

*"...As we make plans to resettle in Israel, we are navigating a number of uncertainties, including the challenge of securing employment and a stable income upon arrival. While we are actively pursuing opportunities, there is still no confirmed position or salary at this time....*

*Making Aliyah has*

*been a dream rooted in our hearts for many years, and now, with great hope and purpose, we are finally preparing to take this important step. ....*

*One of the key driving forces behind our decision is the wellbeing and future of our son, who has special needs. In Israel, we have found a community and a system of support that understands and embraces children like him. The resources, therapies, and in-*

*clusive environment available there offer him the best chance to thrive—not just academically, but socially and emotionally.*

*At the same time, we are drawn by the opportunity to raise our children in a place where Jewish life is lived out loud every day, where holidays are celebrated by an entire nation, and where our heritage and values are woven into the fabric of daily life. We want our children to grow up in a society where they feel a strong sense of belonging and purpose.*

*While there are many uncertainties ahead—professionally, financially, and logistically—our hearts are full of hope and conviction. We are leaving behind familiarity and comfort for something far more meaningful: the chance to build a new life in Israel, one filled with growth, faith, and community.*

*We are excited, nervous, and incredibly grateful for the opportunity to begin this new chapter. "*
